SOUND ADVICE

Hitting the gym or headed to class, if your iPod is in tow, you're usually wrapped in a tangle of cords. Keep headphone cords under control with the iHome iB10 CordCruncher and enjoy carefree music on the move.

Hunter Hayes may have opened for big names like Taylor Swift, but our girl Taylor had plenty of gigs herself as an opening act before she became a megastar. Which country artist did TS never open for:

- Charlie Daniels
- Rascal Flatts
- Dolly Parton
- George Strait
- Kenny Chesney
- Brad Paisley
- Tim McGraw & Faith Hill

ANSWER: Dolly Parton
